

FOR IMMEDIATE RELEASE

AMSASF awarded \$100,000 grant to provide motorcycle rider training scholarships

September 1, 2017, Peoria, Arizona – The Arizona Motorcycle Safety and Awareness Foundation (AMSASF) announces the award of a \$100,000 grant from the Arizona Governor's Office of Highway Safety (AZGOHS). The grant, which demonstrates support for AMSASF's mission of boosting awareness of motorcyclists while reducing rider fatalities and injuries, will be used to provide motorcycle rider training classes to the public through a scholarship program.

"AMSASF is excited to continue giving out more scholarships to help educate new and present riders," says Mick Degn, AMSASF Executive Director. "We want to thank AZGOHS Director Alberto Gutier for his continued support for motorcycle safety in Arizona," adds Degn. "This continues to be the largest single activity we do to promote motorcycle safety and awareness and to help reduce motorcycle crashes and fatalities. This will allow anyone in the state of Arizona to apply for, and receive, motorcycle training. The only cost is a \$100 non-refundable co-pay. Since we started offering scholarships, AMSASF has provided more than 2500 in Arizona to help educate riders."

In addition to providing yet more scholarships, looking forward, AMSASF plans to:

- develop unique partnerships with Arizona businesses to help reduce crashes and fatalities
- research and identify dangerous intersections and stretches of roadways where most motorcycle accidents occur
- increase participation in rider training through discount incentives
- identify key industry liaisons that can help further the message and promote AMSASF's efforts through activities, events and outreach opportunities

Saving money, saving lives

A basic rider's course can cost a motorcyclist in Arizona up to and over \$300; however, the AMSASF scholarship will enable riders to obtain necessary safety training with a minimal out-of-pocket investment: \$100 co-pay. Every Arizona motorcycle rider or potential rider is eligible to receive the AMSASF scholarship, and can apply by visiting AMSASF online at:

<http://www.amsaf.org/scholarships/>

Demonstrating the successful completion of a rider's skill course, or passing the in-person skills test, is required to earn the (M) motorcycle endorsement on an Arizona state driver's license. Additionally, many major insurance companies will offer insurance policy discounts for riders that have completed a safety and training course.

The basic rider course (BRC) is a perfect fit for new riders seeking the motorcycle endorsement or for any rider who wants to freshen up their skills. This course is certified by the Motorcycle Safety Foundation (MSF).

About AMSAF: Arizona's voice for motorcycle safety

Arizona has more than 3,000 crashes a year involving motorcycles and that number is on the rise. Promoting awareness of motorcycles on the road by drivers, in addition to safety training for riders, are two key ways to reduce crashes that lead to serious injury and fatalities.

Founded in 2011, AMSAF is a non-profit foundation that is focused on reducing motorcycle crashes in Arizona. AMSAF's goal is to promote motorcycle safety and awareness through education and training. AMSAF rider training scholarships will enhance motorcycle safety by helping to reduce motorcycle crashes in Arizona.
