7558 W. Thunderbird Road, Unit 1-120 Peoria, AZ 85381-6080

A non-profit foundation committed to motorcycle safety and awareness.

Help Keep Arizona Riders Safe in 2026

(Last chance to save lives on Arizona roads before December 31 - Your year-end gift trains riders + fights distracted driving - Help us reach one more rider before midnight 12/31)

Dear AMSAF Supporter,

Every ride should end with a safe return home. Thanks to supporters like you, the **Arizona Motorcycle Safety & Awareness Foundation (AMSAF)** has already helped **thousands** of Arizonans do just that. But with more people moving to our state and busier roads than ever, this work can't slow down.

As the year ends, will you make a **tax-deductible gift** to fuel life-saving education and awareness in 2026?

[Donate now »](#)

Your gift accelerates proven safety programs

- **Scholarships for rider training:** Too many riders have no formal training. Our first-of-its-kind **discounted scholarship program** has already helped **more than six thousand** individuals and families statewide learn to ride **defensively** and earn their endorsement.
- **Helmet assistance:** Our program helps riders access **high-quality DOT full-face or modular helmets** at major savings—**3,000+ people** are already riding with critical protection.
- **Share the Road awareness:** We are a committed statewide voice reminding all Arizonans—drivers and riders alike—to **put distractions down** and look twice.
- **Accident Scene Management partnership:** Working with **Road Guardians**, the world's leading motorcycle trauma training organization, we help riders gain critical **first-response skills**—from safe helmet removal to rescue breathing and tourniquet use—so more people survive a crash.

Together with our partners—including local businesses, healthcare leaders, law enforcement, legal and insurance allies, and the **Governor's Office of Highway Safety**—AMSAF has helped **more than nine thousand** people financially access these programs across Arizona.

But we've only just begun. **Distracted driving** is still costing lives. **Your year-end support** keeps riders learning, equips families with safer gear, and spreads vital awareness to every corner of our state.

Give today. Save lives tomorrow.

- \$50 — helps amplify **Share the Road** messaging across Arizona
- \$150 — helps a rider access a **DOT-rated helmet**
- \$250 — helps a new rider **train defensively** with scholarship support
- \$500 — equips a cohort with **Accident Scene Management** skills
- \$1,000 — scales **statewide outreach** and scholarships where need is greatest

Deadline: To maximize impact and 2025 readiness, please give by **December 31**.

AMSFAF is a nonprofit **501(c)(3)** organization; your gift is **tax-deductible** as allowed by law.

AMSFAF works statewide with the Arizona Governor's Office of Highway Safety and numerous partners to reduce distracted and DUI-impaired driving and to train motorcyclists to ride more defensively. Education, safety, and awareness are at the heart of our mission to help the community.

While we have made great strides to continue our service to the citizens of Arizona, we still must receive funding to pay operational overhead. AMSFAF does not receive grants for operational and administrative needs. They are exclusively covered through generous donations from individuals like you. We need your support to continue.

Last chance to help us train more riders and fight distracted driving. Give by 12/31:

<https://www.amsaf.org/donations> - Your year-end gift today = safer rides tomorrow. Scholarships, helmets, and life-saving training: <https://www.amsaf.org/donate> - Arizona roads are busier than ever—help us share the road and save lives. Donate by Dec 31 <https://www.amsaf.org/donations>

With gratitude and determination,

Mick Degn

Executive Director, Arizona Motorcycle Safety & Awareness Foundation (AMSFAF)

mick@amsaf.org • 602-312-4554

P.S. Arizona roads are getting busier, and riders—new and experienced—need your help now. Please make your **year-end gift by December 31** to keep training, helmet assistance, and life-saving awareness going strong.
